Education

Backend Developer
Masai School Bangalore
June 2024-present

B.Sc.
Sri Atam Vallabh Jain P.G.
College, Sriganganagar

Technical Skills

RESTful APIs   Node.js

JavaScript   Git   Express.js

MongoDB   CSS3   HTML5

Soft Skills

Time Management

Teamwork   Adaptability

Problem Solving

Prabhjot Kaur

Node JS Developer

Professional Summary

Dynamic Node.js Developer adept in building efficient backend solutions and leveraging Generative AI to enhance development. Expert in server-side applications, RESTful APIs, and database management, coupled with strong problem-solving and collaboration skills. Quickly adapts to emerging technologies for continuous improvement.

Projects

SocialSync   Live Demo Link   Github Repo Link

React   Node.js   Express.js   MongoDB   HTML5

CSS3   Responsive Web Design   JavaScript

- Developed scalable RESTful APIs using Node.js and Express to manage seamless frontend-backend communication.
- Implemented real-time communication using Socket.io for instant messaging and connections.
- Structured and optimized MongoDB collections for efficient data management and retrieval.
- Integrated robust security measures including JWT authentication for user security.
- Collaborated with a team to design and develop an event management dashboard for enhanced user engagement.

Real-Time Messaging Platform   Live Demo Link   Github Repo Link

JavaScript   Node.js   Express.js   MongoDB

CSS3   HTML5   Socket.IO

- Independently created a full-stack chat application with real-time updates using Node.js, Express, and Socket.io.
- Implemented secure user authentication and message handling, ensuring authorized access to chat functionalities.
- Designed a responsive user interface adaptable to various devices, enhancing user experience.
- Utilized WebSockets to enable low-latency, real-time messaging between users.
- Handled backend services efficiently with Express.js for smooth HTTP operations.
